

Steeve Donald Compaoré

Computer Science Engineering student — Seeking a summer 2027 internship

Tokat, Türkiye · dosteeve2@gmail.com · linkedin.com/in/steeve-donald-compaoré-65ba13296 · github.com/dosteeve2-hash

PROFILE

Computer science engineering student at Gaziosmanpaşa University (Tokat). I build complete web applications and integrate AI into them; I am looking for a summer 2027 internship in artificial intelligence, engineering or project management.

SKILLS

- Artificial intelligence: very good (1 to 3 years)
- C#: good (under a year) · Java: average (1 to 3 years) · Python: average (under a year) · JavaScript: average (under a year)
- Tools I use: Next.js, TypeScript, Tailwind CSS, PostgreSQL (Neon, Supabase), Vercel, Git/GitHub

PROJECTS

AI orchestration bench — A manager delegates work to several agents (Copilot, Gemini, Codex, Ollama), routes each task, falls back when a quota is hit and keeps a delegation log.
UEEMT-Tokat — Online platform for a student association (Next.js, Supabase, Framer Motion): ueemt-tokat.vercel.app
CompTrack — Accounting application for small businesses following the SYSCOHADA framework (Next.js, TypeScript): comptrack-chi.vercel.app
AURA Pro — Product showcase for presenting phones (Next.js, TypeScript, Tailwind CSS): phone-showcase-nu.vercel.app

EDUCATION

2023 – present	BSc in Computer Science Engineering, Gaziosmanpaşa University, Tokat (Türkiye)
2022 – 2023	Short-cycle higher education (associate)
2020 – 2022	High school

LANGUAGES

French (very good) · English (good) · Turkish (good) · Mooré (good) · Bambara (good)

EXPERIENCE

Since 05/2025	YouTube content creation and channel management (full time)
Since 10/2025	Sales assistant, Kadifer Komisyon (part time)
06/2024 – 07/2025	Community manager, The Internet Engineer (part time)
Since 09/2023	Food service assistant, Rai Premium Hotel & Spa, Antalya
